## When is a Building Waste Container (Skip Bin) Application required?

This application form is to be submitted prior to the placement of any building waste container (max. length 6.0m, width 2.0m or height 1.5m) on Council land including roadways, footpaths and grass verge

### About this Application Form:

- The application will not be considered for assessment until the required fees have been paid.
- Application and Late fee is non-refundable if the application is not approved.
- All documentation as listed in Part 7: Declaration must be submitted. Failure to provide the required information may result in the application not considered for assessment and not approved.
- The processing time for the application is a minimum of 2 working days (48 hours) excluding weekends and public holidays. Application submitted after the placement of any building waster container will be subject to an additional Late Fee and may not be accepted.
- This application does not constitute an approval to proceed with any works. Placing any building waste container may only commence following receipt of the Approval Letter from Council. The Approval Letter must be kept on-site at all times during the period of placement.

## Part 1: Fees

Required Fees	Fee Amount (please tick)
Application fee (including first 7 days placement fee)	\$223
Additional weekly placement fee after the first 7 days	\$207 x weeks
Late fee (for applications lodged after the placement of building waste container)	\$1021

Date	

## Part 8: Conditions

### 1. Permit specifications

The permit gives the applicant approval to conduct the works only for the days approved and only at the area(s) nominated on the application form. Unless otherwise specifically approved in writing by Council, all works, processes, storage of materials, loading and unloading associated with the development are to occur entirely on the property. The applicant must apply for specific permits available from Council.

The skip bin / building waste container shall bear the name, address and telephone number of the supplier. In each case, an after-hours telephone number shall also be displayed.

The size, shape and colour of all building waste containers placed on public streets, should be to the satisfaction of Council. Each building waste container supplied shall be in good condition and properly cleaned prior to delivery. Each building waste container shall be provided with warning lights or reflectors in accordance with current version of Australian Standard AS1742.3.

Putrescible waste or dangerous or hazardous wastes shall not be placed in any building waste container located on a public street.

Building waste containers must not be delivered to either the road reserve or the property site prior to 7am Monday to Friday or prior to 8am Saturday. Containers must not be delivered to either the road reserve or the property site on a Sunday or a Public Holiday

All building waste containers should be located within in a Works Zone area. Permission to locate a building waste container in the Works Zone area will only be granted in exceptional circumstances where no storage space is available within the site.

The approval of works on public land (roadway and/or footway) is regulated through the Local Government Act 1993 and associated Regulations. Any approval granted for this activity does not endorse or approve the design or structural adequacy of the works, system or operation for the purposes of satisfying a person's responsibilities under the Work Health and Safety Act 2011 and Regulations.

### 2. Development consent

If applicable, permits will only be issued where appropriate Development Consent, Development Application or Construction Certificate, exists for the subject address.

### 3. Public and site safety or access

Responsibility for pedestrian and road users' safety rests with the applicant from the commencement of work until completion.

The work and management of pedestrians and vehicles shall comply with the Work Health and Safety Act. Traffic Guidance Schemes and/ or Traffic Management Plans, where required, submitted with the application and is to be prepared by a Transport for NSW accredited Traffic Controller, in accordance with Australian Standard 1742.3 – Traffic Control Devices for Works on Roads and associated handbooks or Transport for NSW - Traffic Control at Work Sites Technical Manual. All Australian Road Rules in relation to traffic and sign-posted parking restrictions must be complied with.

The applicant must ensure that the site for placement of the building materials is maintained and operated safely and that pedestrians have free access to the remaining area of the footpath. A minimum 1.5 metre wide accessible path of travel must be maintained for pedestrians at all times, clear of obstructions between the adjacent property boundary(s) and the approved storage or placement area.

Wherever possible, pedestrian and vehicle access to private properties shall be maintained. Where property access is affected, a minimum of 2 working days (48 hours) written notice must be given to affected residents.

### 4. Indemnity and public liability insurance

The supplier shall be responsible and accept responsibility for any damages or injuries which result from debris spilled from the building waste container during transport. All containers are to be covered during transit.

The event applicant shall indemnify Northern Beaches Council against all claims for damage or injury that may result from the activity or occupation of part of the public way during the activity. A copy of the applicant's current public liability insurance providing coverage for a minimum sum of \$10 million must be supplied to Council before the permit will be issued.

It is the applicant's responsibility to ensure Council has a copy of the current policy.

### 5. Environment protection

The applicant is responsible for any environmental pollution resulting from the activity. Should pollution occur, the applicant is responsible, at their own costs, for returning the affected area to its condition prior to the pollution.

If the applicant does not comply, Council may undertake the necessary work and the applicant will be required to reimburse Council for the cost of this work. On-the-spot fines can apply to corporations or individuals who fail to prevent pollution of public land - not less than \$4,000 per individual or \$8,000 per corporation as per the Protection of Environmental Operations Act 1997.

The applicant shall be responsible for the removal of any waste deposited in or around the building waste container.

### 6. Permit to transfer

Permits may be transferred to another date and activity may only commence following receipt of the approval letter from Council. If the permit is to be transferred, the applicant must notify Council in writing no later than 1 working day (24 hours) prior to the day of the approved permit. A transfer of dates will only be permitted for dates within a 2 week period from the day of the approved permit. Outside of this time frame may result in the application not being accepted.

It is the applicant's responsibility to ensure the associated documentation is valid and affected residents, Transport for NSW, State Transit Authority, Forest Coachlines and/or Emergency Services are notified if permit is transferred to another date.

Permits cannot be transferred retrospectively.

### 7. Cancellation

Council reserves the right to cancel the permit at any time if the activity fails to comply with conditions of approval or any activity contravening the Roads Act 1993, Local Government Act 1993 or any other relevantly applicable legislation. This may include the issue of a Penalty Infringement Notice or institution of legal action.

THE PERMIT SHALL BE RETAINED AT THE SITE AND PRODUCED FOR INSPECTION BY AN AUTHORISED COUNCIL OFFICER AT ANY TIME DURING THE PERIOD OF THE PERMIT.

**8. Notification**

When applicable, Council requires the following:

Notification letter – A minimum of 48 hours of written notice must be hand-delivered to residents and/or businesses. The notification letter must also include a contact phone number of the site officer for residents' enquiries. A copy of the notification letter is to be provided to Council.

A letter of approval – This may be required from affected residents, businesses, Transport for NSW, Sydney Buses, Forest Coachlines and/or Emergency Services.

**9. Road occupancy licence**

A separate Transport Management Centre - Road Occupancy Licence approval must be obtained prior to submitting this application when any activity stands within 100m of traffic signals and/or stand on any State or Regional Road as listed below.

Any conditions specified in the Road Occupancy Licence that may impact their road network including approved hours of work will reflect Council's approval.

Transport Management Centre requires a minimum of 10 working days for processing from the date of receipt. The applicant must contact the Transport Management Centre to apply for a Road Occupancy Licence: Road Occupancy Unit (ROU), 25 Garden Street, Eveleigh NSW 2015 or PO Box 1625, Strawberry Hills NSW 2012, Phone: 8396 1513, Email: [tmc\\_piu@tmc.transport.nsw.gov.au](mailto:tmc_piu@tmc.transport.nsw.gov.au).

**10. Privacy protection notice**

Northern Beaches Council collects personal information to enhance our ability to provide services to our community. Your personal information is intended for use by Council staff only and will not be released to anyone other than you, unless your written authorisation has been obtained. If you choose not to supply your personal information, it may result in Council being unable to provide the services you seek. You have the opportunity to access and correct your personal information by submitting this form. If you require any additional information, please read Council's Privacy Statement on the website.
